- 2.1 All competitions announced as international are to be held in accordance with the regulations of the ICF. Competitions arranged by the National Federations or their clubs are considered international if competitors of a foreign country are invited to participate.
- 2.2 These competitions must be supervised or managed by at least one accredited official in possession of a valid International Canoe Federation Canoe Sprint Official card.
- 2.3 There are International competitions which only have to appear in the International Calendar and there is no restriction on entries (except by the organiser).
- 2.4 There are three types of ICF competitions:
 - Senior World Championships (See Chapter IV)
 - Junior and Under 23 World Championships (See Chapter V)
 - World Cup (See Chapter VII)
- 2.5 Canoeing Competitions in Continental and Regional Multi-sport Games and Championships shall be organised under the ICF Rules and Regulations for World Championships for that discipline.
For Olympic disciplines in such events the Olympic programme shall apply.
The organisation and programme of the Canoeing in Multi-sport Games on global level must be

The position of the competitors in the boat will be recorded with video camera at the time of arriving to the finish line. The Chief Finish Judge will decide with the recording whether the competitor was in his/her boat upon arriving or not and report it to the Competition Committee.

When there is no Photo Finish System, the Finishing Line Judges decide the order in which the competitors have passed the finishing line. The judges shall be placed in a position where all lanes at the finish line can be clearly seen.

If the judges differ regarding the placing of two or more competitors, a simple majority shall decide the dispute, in the absence of photo finish. In the case of equal voting, the Chief Judge has the casting vote.

When there is no Photo Finish, the Finishing Line Judges are responsible for recording the times. This shall be done by means of stopwatches or suitable electronic equipment.

It is the responsibility of the Chief Finish Line Judge to ensure that the timing equipment is working correctly. The Chief Finish Line Judge shall divide the work amongst the Finish line judges.

At the end of each race, he/she shall compare the official times with the other Finish line judges and immediately inform the Chief Finish Line Judge on them.

10.4.11 The Announcer shall, on the instructions of the Competition Manager, announce the start of each race, the order of starting and the position of the competitors during the race. After the race is finished, he/she will announce the results.

10.4.12 The Media Officer must supply all necessary information to the representative of the press, radio and television about the races and its progress. He/she is authorised therefore to ask information from the different officials who must also procure for him/her as soon as possible copies of the official results.

10.4.13 It is the Officials' obligation to perform their tasks in conformity with the ICF rules.

Every judge will have the obligation to check at whether all means and equipment necessary to perform his/her tasks are ensured. In the event any shortcoming is found, it is reported to the Chief Official or Competition Manager.

Unauthorised persons must not enter any Officials' area unless the Competition Committee or the Jury send for officials or team officials in order to solve problems.

10.4.14 In the Olympic Games or World Championships all officials must be recognised International Canoe Sprint Officials, holding a valid Canoe Sprint certificate.

11 INTERNATIONAL COMPETITION OFFICIAL

[TR]

Procedure for becoming an ICF Canoe Sprint Official:

11.1 Examination:

1. Examination Organization

Officials Examination is organised at the end of an ICF Canoe Sprint Official Seminar if there is sufficient interest.

Continental Associations or National Federations are entitled to apply to hold a seminar and an examination. This is done together with the application for the Competition Calendar using a form established by the ICF and published on the ICF website.

Application deadlines are the same as for the International Competition Calendar. The Examination Calendar is published on the same date as the International Competition Calendar.

2. Examination Candidates

Only National Federations are entitled to nominate candidates for examination at least 30 days before the examination.

The applications must be sent to the ICF Headquarters on the special form designed by the ICF and published on the ICF website. ICF Headquarters is forming a database and forwarding the list of names to the Respectful Committee Chair.

3. Examination Procedure

A sub-committee consisting of two members, appointed by the ICF Technical Committee Chair, will hold this examination after ICF Official Seminar containing theory and practise sessions at the international level event.

The examination will be carried out in English language for officials who wish to be considered as officials for ICF Competitions and will be based on

the knowledge of the ICF Statutes, the ICF Rules and practical experience.

If people take the examination in one of the other official languages or without participation in the Official Seminar, they may not be considered to officiate at ICF Competitions.

4. Officials' Cards

After completion of the examination the Respective Chair completes the ICF Official Examination Report and sends it to the ICF HQ, where the Official's cards for those who passed the exam are issued and sent to the National Federations.

Candidates may pass the examination according the criteria created by their Continental Federation or the ICF criteria created by the Technical Committee Chair. Officials who are approved only at the continental level, may participate in a new examination without attending another seminar. Those officials who have passed the examination according to ICF criteria, need four (4) years experience at the continental level before nomination to World Championships events.

5. Validity and Renewals

Validity and renewals are subject to the Technical Chairs criteria. If the Officials Card expires, is lost or destroyed a 20 euro fee for renewal will be charged.

11.2 Financial Responsibility

National Federations are financially responsible for their Officials (before and after the examination).

For every candidate applied for the examination, a National Federation will be charged 20 €. The Invoice will be sent to the National Federation at the end of the year.

The National Federation concerned will cover the seminar and examination organization costs including living and travelling expenses of the examiners. The National Federation may charge candidates to cover some costs and expenses.

11.3 Nomination and Appointment of the Officials for ICF Events

Only National Federations are entitled to nominate Officials for ICF Events.

The deadline for submitting proposals is the 1st of January in the year of the event.

The buoys should be fixed no closer than 1 metre and no further than 2 metres behind the finish line.

18.6 When there is television coverage of an event, the lane numbering may be in the opposite direction - from right to left, so that the list of competitors and their lanes shown on the television screen match the appearance of the races to be televised.

18.7 Any courses which are non-standard may have different parameters as well, for example: course width, water depth, number of buoys. The course can also be river-water or not necessarily straight.

21.3 The paddles may not be fixed on the boats in any way.

22 START

[TR]

22.1 Competitors shall be on the water at the starting area, not less than five minutes prior to the specified time of their race. The starting area is defined as the being the area of water within 100 metres before the starting line.

Two minutes before the defined starting time the competing boats have to take the lane determined in the programme.

22.2 Competitors shall be at the starting area in time to allow satisfactory preparation for the start.

22.3 The start shall commence without reference to any absentees.

22.4 If the competitor does not start, and has no valid reason approved by the Competition Committee, he shall be disqualified for the whole regatta. A competitor, who arrives too late at the start, shall be considered to have voluntarily withdrawn and shall be disqualified under this rule.

22.5 When signalled by the Starter, the competitor will take the start position designated so that the bow of the boat is on the start line. In case of an automatic starting system the competitor will place himself/herself so that the bow of the boat is on the start line and thus in the start machine. When all boats are properly aligned, the aligner will then raise a white flag.

22.6 If the Starter is not satisfied with the line-up he/she will call "STOP", and hand over to the Aligner for repositioning.

22.7 The starting command will be "Ready - Set - Go" ("Go" can be a shot or strong sound signal). At the "Ready" command the competitors begin their preparation to paddle. At the "Set" command the competitors place their paddle in the catch position. The competitor must not paddle forward or this action will be deemed to be a false start. The boat must not move forward at this point in the starting procedure. The starter when satisfied with the competitors positioning and attention will say "Go" (or shot or powerful sound). The competitors must only react to the start command/signal "Go" and are not permitted to anticipate it. The competitors can paddle only upon hearing the starting signal/command "Go".

22.8 In the event of a false start, the Starter must immediately give a powerful sound signal. On hearing this signal all competitors must stop paddling and follow the Starter's instructions for a new start. Before the new start, the Starter must identify the offending crew/s making the false start and give them a warning. In the event of a second false start by the same crew the boat will be disqualified from the race and must leave the starting area and the course immediately.

22.9 The Starter may also recall competitors for a new start in the event of any unforeseen circumstance - a malfunction of the starting equipment for example. In such a case the same powerful sound signal must be given. If a malfunction of the starting equipment was caused through a boat making a false start, as in 22.8, the crew must be given a warning, as in 22.9, even though that boat may not have crossed the start line. If the malfunction was not the cause of any competitor making a false start, no penalty shall be imposed.

22.10 The starter will start the race when he/she is satisfied that everything meets with his/her approval. He/she will make a written report on any false start and forward it to the Chief Official.

22.11 In the long distance races the starter shall declare "START WITHIN ONE MINUTE" when he/she is

satisfied he/she will give the starting signal by a shot or a short powerful sound. The starter will start the race when he/she is satisfied that everything meets with his/her approval. He/she will make a written report on any false start and forward it to the Chief Official.

23.1 In races up to 1000 meters, competitors must keep the whole of their boat within the four-meter wide central area of their lane from the start to the finish of the course. Upon any deviation, the boat must go back immediately to this central area of the lane. No boat must come nearer than five meters in any direction to the boat of another competitor - that is, gunwale to gunwale or bow to stern.

23.2 If a boat leaves the centre of the lane and does not return to it, the boat may be disqualified from the event.

23.3 A boat which leaves its allocated lane, must be disqualified from the event.

23.4 If a race is declared null and void, no change of the composition of a crew is permitted at the new start.

25.2 When a race is run on a course with turning points, these shall be passed to port (i.e. in an anti-clock wise direction).

25.3 A competitor will not be disqualified for touching a turning point buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained there from. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning points.

25.4 If there is a capsize the competitor or crew is eliminated from the race if he/she or they are not able to get in the boat without outside help.

25.5 Any competitor who is responsible for a collision or who damages the canoe or kayak or paddle of another can be disqualified and can be required to pay damages.

26 FINISH

[TR]

26.1 The boat has finished the race when its bow crosses the finish line with all crew members in it. The Finish line judges will determine the result of the competition based on the order of the boats arriving according to the rules.

26.2 If two or more boats reach the finishing line at the same time they are awarded the same classification in the final. In case of a dead heat finish for any position, which determines the advance to the next level of the competitions, the following rules will apply:

- a) Whenever there are sufficient number of lanes available in the next level of the competitions, drawing of lots will determine to which race these boats will advance. If it is possible it may use also lane number 10 or 0.
- b) Wherever there are not enough lanes available there will be a re-race between the boats involved after the last race of the day, or half-day Programme;
- c) In case of a dead heat in a re-race, drawing of lots will determine the outcome.

26.3 If the photo finish confirms the simultaneous arrival of two boats at the finish, resultant placing will be determined according to the best places achieved. Thus two or more may be recorded as first, second, third etc.

27 TASKS OF COMPETITORS AFTER THE RACE [TR]

27.1 The competitor must leave the course after the finish of the race and cannot disturb the next race.

27.2 The crews selected by the Competition Committee for boat control must immediately contact the place allocated for the post race boat control.

Failure to deliver the copy confirmation of the disqualification to the team leader does not invalidate the disqualification.

	Quota per NOC
Men Kayak	8
Men Canoe	4
Women Kayak	6
TOTAL	18 (maximum one boat per event per NOC)

C. ATHLETE ELIGIBILITY

Only those athletes who have complied with the Olympic Charter (at all times) may participate in the Olympic Games. For the sake of clarity, all athletes must comply with the provisions of the Olympic Charter in force during the qualification period for the Olympic Games up until the end of the period of the Olympic Games. All NOCs (including those who receive Tripartite Commission Places) must participate in at least one event at the 2011 Canoe Sprint World Championships to be eligible for an Athlete Quota Place in the canoeing events at the Olympic Games.

D. QUALIFICATION SYSTEM

i) Athlete quota places will be allocated to the respective NOC and not to Competitor(s) that achieved the place in the qualification event.

ii) An athlete can qualify and compete in one or more events; however the athlete can only acquire one athlete place for its NOC regardless of how many places or boats that athlete qualifies in other events.

(For example, Athlete A qualifies in K1 and K2 with athlete B from the same NOC. This would result in two athlete quota places and two boats being eligible for the Olympic Games. The quotas would be attributed to the largest boat category qualified, in this example it would be K2. The third athlete quota would be reallocated according to the unused athlete quota places process in the K1 category).

The number of Athlete and Boat Quota Places allocated in the Qualification Competitions for Canoe Sprint will be as follows:

EVENTS	ATHLETE QUOTA PLACES	BOAT QUOTA PLACES

TOTAL WOMEN	88	48
TOTAL (Men+Women)	246	144

1. WORLD CHAMPIONSHIPS AND CONTINENTAL QUALIFICATION

i) An NOC will be able to obtain athlete quota places from the 2011 Canoe Sprint World Championships. The best ranked athletes will achieve quota places in that specific event for their NOC.

ii) Only an NOC that has not obtained an athlete quota place in an event at the 2011 Canoe Sprint World Championships can participate in the respective Continental Qualification in order to obtain a quota place in the same event.

The number of athletes qualified at the 2011 Canoe Sprint World Championships and Continental Qualification Events are defined in the table below:

EVENTS	World Champs 2011	Europe	America	Asia	Africa	Oceania	Continental Qualification Total	Total

K4 500m	40	-	-	-	-	-	-	40
TOTAL WOMEN	88						20	88
TOTAL (Men+Women)	176						70	246

* The athlete quota includes the host nation place in K1 men, C1 men and K1 women. The process for Host Country Representation is outlined below.

2. K1 AND C1 EVENTS (MEN AND WOMEN)

Athletes will have two opportunities to obtain an athlete quota place, the 2011 Canoe Sprint World Championships and also the Continental Qualifying Events, where athlete quota places can be won by NOCs that have not obtained any quota place at the 2011 World Championships.

3. K4 EVENTS (MEN AND WOMEN)

i) All the places will be allocated from the 2011 Canoe Sprint World Championships.

ii) The 10 best ranked NOCs from the 2011 Canoe Sprint World Championships will receive four (4) athlete quota places each.

iii) There must be at least three continents represented in the 10 best ranked NOCs.

iv) In the case that there are less than three continents represented then the tenth (10th) and, if necessary, the ninth (9th) NOC quota places are awarded to the best ranked NOC at the World Championships from a continent without any K4 athlete quota places.

4. K2 EVENTS (MEN AND WOMEN)

i) The six best ranked NOCs from the 2011 Canoe Sprint World Championships in all K2 Men's and Women's events will receive two (2) athlete quota places each.

ii) Two (2) athlete quota places will be contested at the European Continental Qualification Event for the K2 Men 200m and 1000m as well as the Women's K2 500m.

iii) The next three best ranked NOCs from three different continents (excluding Europe) at the World Championships in the K2 events will earn that Continent two (2) athlete quota places that can be won at the respective Continental Qualification Event by NOCs from that continent.

5. C2 MEN'S EVENTS

i) The seven best ranked NOCs from the 2011 Canoe Sprint World Championships in the C2 Men's event will receive two (2) athlete quota places each.

ii) Two (2) athlete quota places will be contested at each Continental Qualification Event.

6. QUALIFICATION IN THE SAME BOAT CATEGORY OVER TWO DISTANCES

i) Where the same athlete qualifies an athlete quota place in the same boat category but for two different distances (For Example, K1 Men 1000m and K1 Men 200m) the NOC will be attributed the place in 1000m for men and 500m for women. The unused athlete quota place in the 200m distance will be reattributed to the next best ranked NOC in that event, not yet qualified.

ii) At the Continental Qualification Events an NOC can only qualify one place per boat category regardless of the distance. Should the NOC qualify in both distances in the same boat category then the NOC will be attributed the place in 1000m for men and 500m for women. The unused athlete quota place in the 200m

distance will be reattributed to the next best ranked NOC in that event, not yet qualified.

iii) Should an NOC obtain an athlete quota place at the Continental Qualification Events in both C1 and C2 1000m then the NOC will be eligible to compete in both events at the Olympic Games but only with two (2) athlete quota places. The additional quota place will be given to the next best ranked NOC from that continent in the C1 1000m category, not yet qualified.

HOST COUNTRY REPRESENTATION

Should the Host NOC not manage to obtain an athlete quota place in the respective events, it will be entitled to receive quota places in the following events:

EVENT	ATHLETE QUOTAS	BOAT QUOTAS
K1 1000m (Men)	1	1
C1 1000m (Men)	1	1
K1 500m (Women)	1	1
TOTAL	3	3

The quota places allocated to the Host NOC would be taken from the lowest ranked NOC(s) in the respective events at the 2011 Canoe Sprint World Championships.

TRIPARTITE COMMISSION PLACES

Two (2) Tripartite Commission Invitation Places in Canoe Sport (Canoe Slalom/Canoe Sprint) are made available for eligible NOCs.

On 1 November 2011, the International Olympic Committee will contact all those NOCs who are eligible to apply for Tripartite Commission Invitation Places.

The deadline for NOCs to submit their requests for Tripartite Commission Invitation Places is 16 January 2012. In relation to the end of the qualification period, the Tripartite Commission will confirm, in writing, the allocation of invitation places to the respective NOCs by 9 July 2012.

Detailed information on Tripartite Invitation Places is contained in the - Tripartite Commission Invitation Places - Information Paper for NOCs - which is included in the Games of the XXX Olympiad, London 2012 Qualification and Participation Criteria.

As per Section C, athletes granted Tripartite Commission Invitation Places should have competed at the ICF Canoe Sprint World Championships.

E. CONFIRMATION PROCESS FOR QUOTA PLACES

The ICF will inform NOCs/NFs in writing on 1 June 2012 of the athlete quota places they have obtained at the Qualification Events. Eligible NOCs must inform the ICF in writing by 15 June 2012 whether or not they intend to participate at the Olympic Games. By 21 June 2012 the ICF will reallocate all available quota places, as outlined below in Section F.

F. REALLOCATION OF UNUSED QUOTA PLACES

i) Should an NOC return an athlete quota place that has been obtained from the 2011 Canoe Sprint World Championships, the next best ranked NOC in that event, not yet qualified, will be allocated the athlete quota place. This process will be repeated until all places are allocated.

ii) Should an NOC return an athlete quota place from a Continental Qualification Event, the next best ranked NOC in that event at the Continental Championships, not yet qualified, will be allocated the athlete quota place. The process will be repeated until all places are allocated.

iii) In the case where there are no more eligible NOCs that can gain an athlete quota place in the Continental Qualification Event, the next best ranked NOC from that continent in the specific event at the 2011 Canoe Sprint World Championships, not yet qualified, will be allocated the quota place. In the case that no further NOC from the continent can gain a place from the 2011 Canoe Sprint World Championships the athlete quota place will be given to the next best ranked NOC from the 2011 World Championships, not yet qualified, regardless of continental representation.

iv) If an athlete quota place is not filled from the procedures outlined above, the ICF Executive Committee would then reallocate the remaining quota place to the next best NOC, not yet qualified in the concerned event, based on the results of all Canoe Sprint qualification events.

REALLOCATION OF UNUSED HOST COUNTRY PLACES

See "Host Country Representation" section above

REALLOCATION OF UNUSED TRIPARTITE COMMISSION PLACES

Tripartite Commission is not able to allocate the place(s) they will be relocated to the next best ranked NOC in K1 200 Men or Women (depending on the place available), not yet qualified.

APPENDIX 4 - PARACANOE PROVISIONAL RULES

Please note these rules are provisional and are pending ratification at the ICF Congress in 2012

1. GENERAL

The ICF's objective for Paracanoe is inclusion: to provide the opportunity for paddlers with a disability to compete at Canoe Sprint World Championships and international Regattas. The rules contained herein are provisional. Paracanoe events are subject to the ICF Canoe Sprint Rules currently in effect where not specified.

Before a Paracanoe paddler can compete in an ICF competition, Sport Class and Sport status of the paddler must be approved by the ICF known as classification.

The ICF classification aims to place athletes into classes according to how much their impairment impacts on the core determinants of success in canoeing.

Va'a Notes:

1. The va'a shall be a single hull va'a, rigged with a single ama (outrigger pontoon) and double 'iako (spreaders), separated by at least one (1) seat.
2. A.) The hull, ama and 'iako must meet the specifications set forth above.
B) When the event host is not providing a set of identical V1 or V2 for the event, the hull, ama and 'iako must meet the specifications set forth above.
3. Para Va'a equipment such as a support seat must be removable. The paddler may supply his/her own equipment as approved by the IVF Para Va'a Committee Chair.
4. Either sit-in or sit-on-top va'a may be used; however, the sit-in va'a is recommended.
5. The ama will be attached on the left side, but must be able to be attached on the right side to accommodate paddler needs as approved by the IVF Para Va'a Committee Chair.
6. Rudders are not permitted.

4. SPORT CLASSIFICATION

The ICF recognizes three (3) sport classes for Paracanoe: LTA, TA, A. The International Va'a Federation (IVF) recognizes six (6) sport classes. The following classifications blend the two classification systems.

1. LTA (IVF 5 & 6 Point Paddler)

The LTA class is for paddlers with a disability who have functional use of their legs, trunk and arms for paddling, and who can apply force to the foot board or the seat to propel the boat.

2. TA (IVF 4 Point Paddler)

The TA class is for paddlers who have functional use of the trunk and arms. They are unable to apply continuous and controlled force to the footboard or seat to propel the boat due to significantly weakened function of the lower limbs.

3. A (IVF 1 - 3 Point Paddler)

The A class is for paddlers who have no trunk function (i.e. shoulder function only). An A class paddler is able to apply force predominantly using the arms and/or shoulders. These athletes will likely also have poor sitting balance.

More detail can be found on the ICF Website (www.canoeicf.com) for Classification of athletes.

5. SPORT CLASS STATUS

Each athlete will be given a status by which they are recognised by the ICF. The titles are New (N), Confirmed (C) and Review (R). The definitions and details of the Sport Class Status can be found on the ICF website (www.canoeicf.com).

6. APPLICATION PROCESS FOR PADDLERS SEEKING ICF INTERNATIONAL CLASSIFICATION

Before the classification process can commence, all applicants shall submit complete, sign and submit all relevant forms to the ICF

PROCESS FOR CLASSIFICATION OF PARACANOE ATHLETES

A Classification Panel will assess paddlers with a physical disability according to the process described in the ICF Paracanoe Classification Instruction Manual.

Athlete Eligibility

An athlete must be determined as eligible to compete in Paracanoe events by meeting the minimum requirement for disability which includes:

- Physical disabilities which lead to sufficient loss determined during the Functional Classification test

Changing Sport Classifications

Sport Classifications can only change due to changes in medical conditions or the change in the use of a prostheses/orthotic. Improvements in stroke technique will not result in the changing of a classification.

Competing Outside of Assigned Sport Class

Paddlers may compete in a more functional sport class than their assigned sport class, but not a less functional sport class. For example, a paddler classified as TA may compete in LTA events, but may not compete in A events.

Athlete failure to attend evaluation

If an Athlete fails to attend evaluation, the Athlete will not be allocated a Sport Class or Sport Class Status, and will not be permitted to compete at that Competition in that sport.

Should the Chief Classifier be satisfied a reasonable explanation exists for the failure to attend the evaluation an Athlete may be given a second and final chance to attend the evaluation.

Non Co-operation during evaluation

An Athlete who, in the opinion of the Classification Panel, is unable or unwilling to participate in Athlete Evaluation shall be considered Non-Cooperative during evaluation and the process deemed void.

Intentional misrepresentation of skills and/or abilities

An Athlete who, in the opinion of the Classification Panel, is intentionally misrepresenting skills and/or abilities shall be considered in violation of the Classification Rules and will not be able to compete in ICF Competitions.

Athlete Support Personnel

The ICF will enforce sanctions on Athlete Support Personnel who assist or encourage an Athlete to fail to attend Athlete Evaluation, to fail to cooperate, intentionally misrepresent skills and/or abilities or disrupt the evaluation process in any other way.

7. PROTESTS & APPEALS OF CLASSIFICATION

Protests

A formal protest may only be filed by a National Federation Team Leader and/or by the appointed Chief Classifier of the competition. A National Federation may Protest the Sport Class of an Athlete from their own or another nation, in accordance with the provisions of this International Standard.

Protests must be on the ICF Paracanoe Classification Protest Form and submitted to the Chief Classifier of the competition no later than three hours after the athlete is informed of their classification and status. If the Protest is accepted, the Chief Classifier shall appoint a Protest Panel and shall notify all relevant parties of the time and date for any subsequent protest evaluation.

Protest Panel During Competition

Details can be found in the Paracanoe section on the ICF website (www.canoeicf.com).

Out-of-Competition Protests

Details can be found in the Paracanoe section on the ICF website (www.canoeicf.com).

8. APPEALS

An Appeal can be for formal objection regarding the Classification procedures.

The identity of Athletes whose Sport Class has been appealed may not be publicly disclosed by the ICF before completion of the Appeal.

Appeal Jurisdiction

The Appeal Body shall have jurisdiction to review Classification decisions in order to:

- Ensure all appropriate Sport Class allocation procedures have been followed
- Ensure all appropriate Protest procedures have been followed.

Appeal Submission

Appeals may be commenced at any time.

Only a National Federation has the right to submit an Appeal to the ICF.

Appeals must be accompanied by a fee of 25 Euros or as determined by the ICF. This fee is refunded should the Appeal be upheld.

Appeal Body and Hearing

The Appeal Body will comprise of no less than three individuals who have at no stage been involved with or informed of the dispute brought before the Appeal Body.

In order to ensure a level of independence of decisions, a majority of the members of the Appeal Body should not have any official responsibility in the ICF.

Each party will have equal opportunity to present their case to the Appeal Body.

Appeal Decision

The Appeal Body shall issue a written decision resolving any Appeal after the Hearing. The decision shall be provided to all parties within 28 days of the Hearing.

Appeal decisions are final and are not subject to any further appeal.

Confidentiality

Appeal proceedings are confidential.

9. ICF PARACANOE CLASSIFIERS

ICF Classifiers appointed to ICF competitions shall not be engaged in any activities in support of any team of a National Federation at the competition.

All information received and discussions held which pertain to the classification of identifiable individuals shall be considered confidential in nature and shall not be discussed with individuals not identified as ICF Paracanoes Classifiers.

Types of Classifiers

An ICF Classifier is one who has been approved as such by the ICF. There are two types of ICF Classifiers:

- (1) ICF Medical Classifier: a medical doctor, doctor of osteopathic medicine, or physiotherapist
- (2) ICF Technical Classifier: a person with extensive practical knowledge of paddling, such as a paddling coach, sport scientist, former paddler, physical educator or similarly qualified person.

Extensive details on Classifiers and further detail on Paracanoe Rules can be found in the Paracanoe section of the ICF Website (www.canoeicf.com).
